COMPLETE SOLUTIONS ACROSS OPERATIONS, STRATEGY, AND BUSINESS ANALYTICS

The merged BRG | Prism Healthcare practice brings a new level of service to help healthcare providers improve financial and operating performance, manage consolidation, and deliver high-quality, cost-effective care.

At 350 professionals—and growing—BRG’s healthcare consulting team has the scale and scope to serve all providers, from large health systems to community hospitals to national post-acute care organizations.

BRG and Prism have long had common cultures of fast responses to clients’ challenges and working side-by-side with frontline staff and senior leadership to ensure results are achieved. Together they will provide new value to healthcare providers that will further distinguish the combined practice in the marketplace.

Find out more about the new BRG healthcare performance improvement practice: Better and stronger ... together.
